DJ DU JOUR

DJ Du Jour is the vibrant force behind the decks, known for crafting unforgettable dancefloor moments that transcend sound and connect deeply with the spirit. With a sound rooted in the soulful energy of house and the raw edge of tech house, she brings together community, rhythm, and emotion—unifying crowds under the shared language of music.

Inspired by icons like Fatboy Slim and James Hype, and shaped by two decades behind the decks, her future-nostalgic sets blend uplifting vocals, deep grooves, and live mashups—often mixed across three decks. Every performance is an invitation: to feel, to move, and to remember why we gather under the stars and strobes.
